The following was accomplished by the Assessor's office:

Mental Health Services/General Assistance

Avis Rudner

- The Mental Health Committee does not meet in July and August. They will meet in early September.
- Committee member Anne Drake has resigned from the Committee. A notice has been put out to find a replacement.
- Avis is getting the contracts ready for the agencies.
- The one GA client has moved to Oak Park.
- The online Covid-19 Social Services Guide continues to be a useful tool for agencies and individuals. The Guide is updated weekly and always is easily accessed through the same link.
- Our virtual HUB training was held with strong attendance and positive feedback. The core funder team has regrouped after a hiatus due to covid. They are starting a path toward hiring someone part-time to manage the HUB.
- All of the mental health and social service agencies in Oak Park and River Forest continue to be on a weekly call to update each other. Agencies are doing an amazing job during this time with virtual treatment, therapy, education, support groups, etc.

Youth Services

Carla Sloan

- Now that school is out, organizations have by necessity figured out what the summer can look like for our youth in terms of camps, programs and childcare. Many have opened on a small scale.
- The Youth Intervention Program, YIP continue to work hard to stay connected by phone and video means with the kids on their caseloads and with new kids who are being referred to them.
- The PYD (Positive Youth Development) committee met. They are going to approach the high school about doing a virtual parent university in the fall. The Live Parent U last fall was so successful and the spring one was cancelled. The next will be virtual.

- Now that Betsy is on board, we need to regroup with the library to plan senior programming which doesn't require meeting in person, since seniors are likely to be the last group to return to in-person programming.

Supervisor's Report

Carla Sloan

- Carla spent a significant amount of time on the special town meeting, which was ultimately cancelled. Significant work was done with Pat, Matt, and Jeff, our website person. - Cathaleen really appreciated the many notes which everyone sent her.

Unfinished Business—

Carla gave an infrastructure update:

Phones—on hold until October. Carla needs to touch base with Dick on the company she liked. It will help greatly to be on the same page as the RFCC with the phone system, but it's not necessary. Carla would like to get everything set up so we can start in October.

Computers—Upgrade work has been achieved on all the pc's but Carla's. She needs a new pc, which is on backorder. When it arrives, we will finish the rest of the upgrades. We are getting satisfactory service from Access One.

Website—Carla met with Tom Elliott., a website designer and more. He applies behavior economics to website development: i.e. he considers how people consume the website space. Tom would be the project manager as well. Tom was recently employed by Sears in this capacity. He is the husband of Kathy Elliott, our Deputy Assessor. Carla received a proposal from Tom and will get at least two other proposals.

Carla gave a 2020 Annual Meeting Update: We will wait until Illinois is in Phase #4 to hold the meeting in Room 206.
