Join us to learn more about teaching resiliency and responsibility at an early age. Parents are the first line of defense in preventing their children from experimenting and using drugs. It is never too early to lay the foundation for a drug-free lifestyle.

This event is free and open to all communities.
Please register at rosecrance.org/drugfreekids.

Rosecrance is a leading provider of treatment services for individuals with substance use and mental health disorders. More than 30,000 children, teens, adults, and families in Illinois, Wisconsin, and Iowa received help this past year.

This informative session guides parents to teach resiliency skills to their 3rd to 8th grader, better equipping him/her to make good decisions.
