LION REVIEW

A tremendously moving performance from Dev Patel is the resilient soul of Lion, the incredible true story of Saroo Brierley and his tenacious quest to find the family from whom he was separated 25 years earlier.

Five year old Saroo gets lost on a train which takes him thousands of miles across India, away from home and family. Saroo must learn to survive alone in Kolkata, before ultimately being adopted by an Australian couple. Twenty-five years later, armed with only a handful of memories, his unwavering determination, and a revolutionary technology known as Google Earth, he sets out to find his lost family and finally return to his first home.
